

MANUFACTURER OF INDUSTRIAL CABLE TRAYS  
PRODUCTS FOR ELECTRICAL APPLICATIONS

AUTHORISED DISTRIBUTOR OF  
SINTEX INDUSTRIES LTD.

An ISO 9001 : 2008 Certified Company

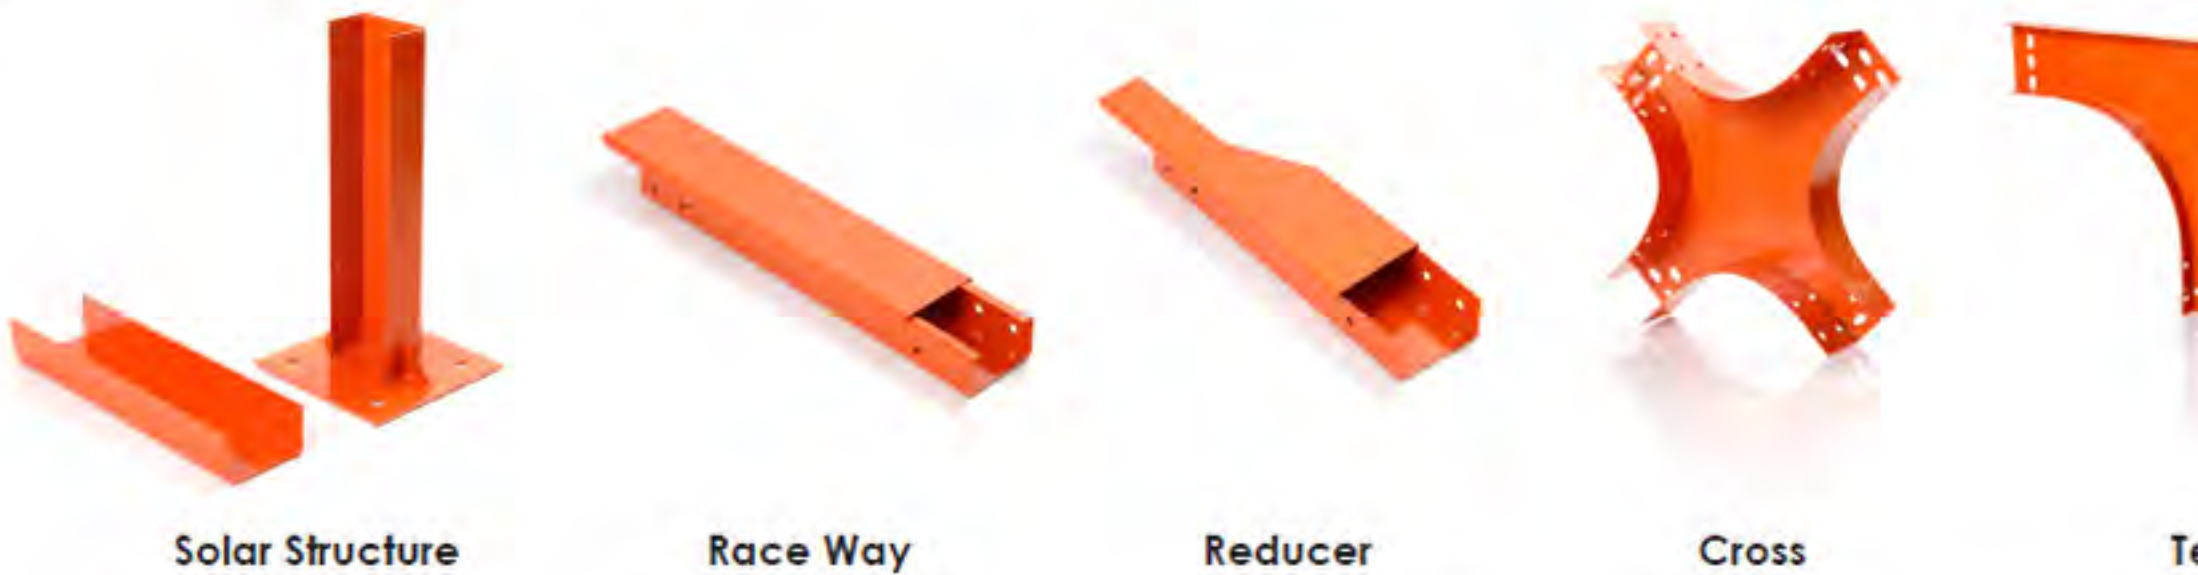

**SHARDA**  
CABLE TRAYS PVT. LTD.

## PERFORATED CABLE TRAY

We offer the most extensive range of perforated type cable trays, which are used for the installation of cables, smaller & controlled cables. These trays can accommodate large number of branch lines and have high load-bearing capacity.

Perforated cable trays can be hung using a center rod support, C-hanger or two-trapeze configuration. They can also be mounted on wall using brackets. For further security, these cable trays are also available with covers. We can also customize the products depending upon the specific requirements.

We provide our clients a wide range of flooring raceways/trunking & duct that are fabricated using premium quality raw material. Flooring Raceway include diverse dividers to separate the cables. Its covers are either screw type or welded type. These flooring raceways and trunking are primarily used to carry networking cables in IT and allied industries. Our range is highly acknowledged for its quality features such as resistance to corrosion, strength and durability. Owing to our expertise, we are capable to provide these in customized specifications to the clients.

## CABLE TRAY DUCTS OR TRUNKING

### PRODUCT RANGE

- Perforated Cable Trays
- Ladder Type of Cable Trays
- Cable Tray Accessories
- Cable Tray Ducts or Trunking
- Cable Tray Cover
- Coupler Plates And Hardware
- GI Earthing Strips
- Copper Earthing Strips
- C Channels or Z Channels
- GI Junction Boxes
- S. S. Cable Trays
- F. R. P. Cable Trays
- GI Threaded Rods and Fasteners
- Bend Cable Trays
- Meter Boxes
- Junction Boxes

## C CHANNEL

We are involved in offering our clients a comprehensive range of Support 'C' Channel. It is used to give a path and to support the cable and is highly appreciated for its durability and long service life. They are manufactured by our team of experts using premium grade raw material that is sourced from known and verified vendors. These channels are available in different specifications to the clients.

## Z CHANNEL

We offer a wide variety of Z angle trays, which is made of fine quality metal and alloy. These products are corrosion resistant and have high tensile strength. These angles deliver flawless performance as these are fabricated in compliance to the latest standards. We stringently check all the products before dispatching to the clients' specified destinations. Our offered products are widely used in various industrial applications.

## GI JUNCTION BOX

We are involved in offering a wide range of Floor Junction Box G.I. & S.S. Plate. Our quality range of floor junction boxes are manufactured using high grades of raw material which ensures its corrosion resistance and high load bearing capacity. Junction boxes are widely used in flooring to attempt cable and other purposes. In order to meet the various requirements of our clients, we offer our range of floor junction boxes in various sizes with the assurance of delivery within the stipulated time frame.

## FRP CABLE TRAY

Sintex FRP Sections are manufactured from an advanced formulation of thermosetting polyester resin with fiber glass reinforcement, on state-of-the-art, electronically controlled pultrusion plants. Sintex FRP Cable Trays are fabricated using Sintex FRP (Pultruded) Sections using S.S. hardware.

## LADDER TYPE CABLE TRAYS

Cable trays provide a support system for managing cables in a Building or other places. Cable tray installation provide instant approach to maintain and replacement of cables without any difficulty. They give excellent ventilation and enhance life of cables.

We offer high strength ladder type cable trays that are perfect for heavy-duty power distribution in industries. Our ladder cable trays are available in the following specifications

Vertical Outer Bend

Horizontal Bend

Horizontal Bend

Bend Cover

## COUPLER PLATE AND HARDWARE

U Clamp

## GI THREADED ROD AND FASTENER

Our company offers a wide range of GI threaded rod and fastener that are manufactured from top grade materials as per the international standards. We offer these rods in various specifications as per the needs of our clients. Accurately designed, these full thread rods represent the perfect fusion of quality raw material and cutting edge technology. Widely used in several industries, these thread rods are available in various sizes and dimensions.

We Sai Industries on ISO 9001-2008 Certified company Sai Industries establishes in the Year 2010. Sai Industries has a leading name over the year for manufacturing of Various type of Electrical wide range of electrical salutation such as cable tray, ladder type cable tray Perforated Cable tray etc.

We manufacture a complete range of cable trays and industrial cable trays, which are innovative in design, easy to install and cost-effective in usage. As these trays come in powder coated finish, these are corrosion resistant and can be used in outdoor spaces. These trays are ideal to support large volume of network cables and also assist in providing smooth transition around obstacles. These trays can be easily attached to floor, ceiling, wall or top of racks and cabinets and can be made available in different widths, heights and length options.

Cable trays are used as an alternative to open wiring or electrical conduit systems, and are commonly used for cable management in commercial and industrial construction.

#### **THE DIFFERENT TYPES OF CABLE TRAY THAT ARE MADE AVAILABLE INCLUDE**

- Ladder
- Solid Bottom
- Trough
- Channel

#### **HERE, OUR EXPERTISE LIES IN MAKING THESE AVAILABLE IN FOLLOWING MATERIALS/FINISHES CHOICES**

- Steel
- Plain - Hot rolled pickled and oiled steel
- Pre-Galvanized - Mill galvanized steel
- Hot Dip Galvanized after Fabrication - Plain steel hot dipped after fabrication
- Stainless Steel - Fully annealed stainless steel of type 304 or 316L

#### **CONFIGURATIONS AVAILABLE**

- Straight sections are available to route cables in horizontal/vertical plane.
- Further, the fittings are made available to route cables in different directions in either horizontal or vertical planes.

#### **OUR ADVANTAGE**

- Our advantage lies in offering customers
- Expertise in providing complete consultancy support from concept to completion, installation and after sales-services
- Manufacturing storage systems for factories as well as warehouses
- Offering pre-construction consultancy support for factories and warehouses

**PRODUCTS FOR ELECTRICAL APPLICATIONS**

In line with our innovative past we have evolved number of products for electrical sectors that have tremendous utility and convenience. Most of the Sintex products for electrical applications are made from composites and by utilizing processes of Compression Moulding of SMC (Sheet Moulding Compound) and Pultrusion.

For decades these products were made out of Metal in India. While world was shifting to better substitutes, Metal conducts electricity and in case of current leakage, results in electrocution, accidents and even death.

Sintex spotted this opportunity and brought to India 100% Safe products for Electrical Applications.

**UNIQUE FEATURES! ADVANTAGES**

Shock Proof & Rust Proof  
 Rot-proof & Termite Resistant  
 100% Weatherable Ideal For Use Indoors & Outdoors  
 Elegant Appearance  
 Cable Entry From Bottom and/or Sides  
 Pole Mounting Arrangement  
 Tamper Proof,  
 Pilferage Proof  
 Restricts Unauthorized Tapping  
 Fire Retardant -  
 Class FVO As Per IS: 11731 Part-II Or As Per UL-94  
 High Heat Distortion Temperature (  
 200°C As Per IS: 10192)  
 Maintenance Free

**UNIQUE FEATURES/ ADVANTAGES**

- Single Piece Moulded Thermosetting Plastic
- 100% Tamper Proof - Prevent Power Theft
- 100% Shock Proof & Rust Proof
- Adequate Space For Meter & Cut-outs
- Composite Metal Hinges
- Excellent Weatherability Suitable For Indoors & Outdoors Applications
- Free From Pilferage - Zero Resale Value
- Maintenance Free
- Concealed metal hinges, Light weight & yet strong
- Mounting screws fitted from inside
- Metal hardware for wire seal
- Wide range for different applications
- Prices matching with conventional meter boxes
